Schedule - 1

Notes to financial statements

1. Corporate Information

Mayank Welfare Society is a Society registered under the Madhya Pradesh Society Registrkaran Adhinyam, 1973 at Indore. The society is registered under section 12AA of Income Tax Act, 1961. Mayank Welfare Society's objective is to provide educational facilities in the field of Medical, Dental, Nursing and other educational ventures including running of Charitable Hospital, laboratories and for the encouragement and promotions of education, so that every individual has complete access to educational and medical services.

2. Significant accounting policies

2.1 Basis of accounting and preparation of financial statements:

The financial statements are prepared under the historical cost convention, on the accrual basis of accounting and in accordance with accounting principles generally accepted in India and comply with the accounting standards issued by the Institute of Chartered Accountants of India (ICAI).

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

2.3 Fixed Assets and Depreciation:

Fixed assets are carried at historical cost less accumulated depreciation and impairment losses, where applicable. The Society capitalizes all costs relating to the acquisition and installation of fixed assets. Cost comprises the purchase price and any attributed cost of bringing the asset to its working condition for its intended use. Depreciation on assets is provided on the Written down Value Method as per the rates prescribed in Income Tax Rules.

Assets individually costing less than Rs.5,000/- added during the year are fully depreciated.

2.4 Impairment of assets:

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is

Handwritten signatures of the accountants.

Registrar
Malwanchal University
Indore (M.P.)

estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Income and Expenditure Account, except in case of revalued assets.

2.5 Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic value will flow to the Society and the revenue can be reliably measured. Income arising from shared services and Infrastructure services between the group companies is recognized on accrual basis, in accordance with mutually agreed terms. Interest income is accrued on a time proportion basis using effective interest rate method.

2.6 Investments:

Long-term investments are stated at cost of acquisition. Provision for diminution is made if such diminution is considered as being other than temporary in nature. Investments in Mutual Funds are valued at lower of cost or market value, prevailing as at the date of the Balance Sheet.

2.7 Employee benefits:

Defined contribution plans:

Fixed Contributions to Provident Fund made on monthly basis with relevant authorities are absorbed in the Income and Expenditure Account.

Gratuity:

The Society does not account for its liability for future gratuity benefits.

2.8 Taxes on Income:

(a) Income tax

Current tax is determined in accordance with the provisions of Income tax act, 1961.

(b) Deferred tax

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets

[Handwritten signature]

[Handwritten signature]

Registrar
Jalwanchal University
Bhindore (M.P.)

and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Society has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

2.9 Provisions, contingent liabilities and contingent assets:

Provisions are recognised only when the Society has present or legal or constructive obligation as a result of past events for which it is probable that an outflow of economic benefit will be required to settle the transaction and a reliable estimate can be made for the amount of the obligation. Contingent liability is disclosed for

- (i) Possible obligation which will be confirmed only by future events not wholly within the control of the Society or
- (ii) Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

2.10 Leases:

Leases are classified as finance or operating leases depending upon the terms of the lease agreements.

Finance leases

Finance leases, which effectively transfer substantially all the risks and benefits incidental to the ownership of the leased item, are capitalised at the lower of the fair value or present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and the reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income.

Operating leases

Leases of assets under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Lease rentals under operating leases are recognised on a straight-line basis over the lease term.

2.11 Inventory:

Inventories are valued at the lower of cost (on FIFO basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges.

2.12 Cash and Cash Equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly

Registrar
Malwanchal University
Indore (M.P.)

liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.13 Foreign Currency Transactions

Transaction in foreign currencies is accounted at the exchange rates prevailing on the date of the transaction and the realized exchange loss /gain is dealt with in the Income and Expenditure Account. Monetary assets and liabilities denominated in foreign currency are restated at the rates of exchange as on the Balance Sheet date and the exchange gain/loss is suitably dealt with in the Income and Expenditure Account.

2.14 Borrowing Cost:

Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Income and Expenditure over the tenure of the loan.

2.15 Provision for advances:

Provision for advances given to various parties is made based on the management's analysis of the recoverability of such advances outstanding as at the balance sheet date.

A handwritten signature in black ink, appearing to be "M. M. D." or similar.

A green logo consisting of a stylized figure or symbol.
